## ABOUT OUR CLIENT

### Authentic ayurvedic treatments.

Kama Ayurveda was launched in 2002 in India by Vivek Sahni and three partners, to promote the message of authentic Ayurveda, universally. Since then, creating pure Ayurvedic products according to authentic prescriptions has been the unique purpose of the brand.

Today, Kama Ayurveda's high quality, beautifully packaged products are sold globally and used by some of the world's leading hotels and spas. Their products have received extensive coverage and recognition in various global and Indian publications including US Vogue, French Vogue, Japan Vogue, Forbes, Harpers Bazaar, Tatler etc.

## CHALLENGES FACED BY OUR CLIENT

The rising number of Kama Ayurveda stores in India made it imperative to closely monitor the performance of the stores / staff. A few of their challenges were:

- Dealing with multiple vendors for surveillance systems.
- Unaware about their outlets hygiene and employee behaviour / discipline.
- Lack of a single dashboard indicating the performance of the outlets.

## MANAGED VSaaS SOLUTION

Siloed management of disparate security, safety and operational systems leaves too many opportunities for error and ultimately creates unwanted and unnecessary inefficiency. Therefore, the only way to feasibly tackle a challenge of this scope and scale is to adopt a managed **Video Surveillance-as-a-Service (VSaaS) solution i.e. ACTIVE DETERRENCE**: uniting surveillance systems and enabling multiple levels of monitoring and control from a single reliable platform. This is where intelligent surveillance monitoring and control integration can offer real benefit.

## NEW AGE TECHNOLOGY

The word surveillance comes from a French phrase for "watching over" (sur means "from above" and veiller means "to watch"). At Securens, with our award winning Monitoring Centre, we keep watch over your business and everything that matters the most to you. Peace of mind is a matter of choice !

## SMART SURVEILLANCE TECHNOLOGY AT WORK FOR YOU

Securens visited Kama Ayurveda stores to understand their requirements and designed an eSurveillance solution **ACTiHYGIENE** that would capture all the critical areas of the outlets / stores required for Standard Operation Procedures (SOP) compliance.

The primary benefits of **ACTiHYGIENE** are:

- Cleanliness of the outlets / stores
- Monitoring of store opening and closing discipline
- Employee punctuality and behaviour monitoring
- Monitoring of housekeeping personnel
- Single eSurveillance partner pan India

## CONNECTING YOUR BUSINESS TO THE SURVEILLANCE TECHNOLOGY RESOURCES YOU NEED

The potential benefits of eSurveillance include:

Business intelligence; timely reporting, investigation, and response to incidents; improved data quality; real-time live monitoring capabilities; reduced physical security guard costs; remote operability, visibility and flexibility; generation of automated alerts on a mobile dashboard; improved interoperability; standardization and portability.

India's highly acclaimed eSurveillance system **ACTIVE DETERRENCE** by Securens, is an enterprise IoT solution equipped with advanced sensors and AI capabilities which can prevent and protect businesses from financial loss / loss of life due to criminal activities or operational interruptions i.e. fire, gas leaks, theft, burglaries, pilferage, vandalism, unauthorized access etc.

## CLIENT REVIEW

Kama Ayurveda has pan India locations and we faced multiple issues with our surveillance equipment. Securens emerged as the one stop solution for all our needs with their solution ACTiHYGIENE. It was a pleasure working with the Securens team.
